On July 25, 2005, the Applicant sent by Certificate of Mailing a check for \$1030 (check number 361509) for payment of the \$700 Small Entity Issue Fee, the \$300 Publication Fee, and \$30 for an advance order of 10 copies of the forthcoming patent based on the subject allowed application. The Applicant also filed a paper titled

Request for Reconsideration of Patent Term Adjustment Pursuant to 37 C.F.R. § 1.705(b) with this submission. Copies of these papers are found in Exhibit A. While the Applicant properly, and in good faith, claimed small entity status when filing the subject application, the Applicant can no longer properly claim small entity status and the Applicant inadvertently did not notify the Patent Office of the loss of small entity status, and pay the issue fee as a large entity, when paying the issue fee on July 25, 2005.

Therefore, the Applicant hereby notifies the Patent Office that the Applicant has lost entitlement to small entity status, in accordance with 37 CFR § 1.27(g). This notification is signed in accordance with 37 CFR § 1.33(b).

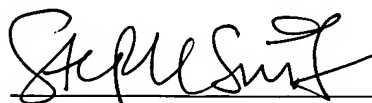

The Applicant submits herewith a check for \$700, which is the difference between the current Issue Fee for large entities (\$1400), per 37 CFR §1.18, and the issue fee as a small entity that was paid on July 25, 2005, as is required by 37 CFR §1.28(c)(2).

Itemized Deficiency Payment Per 37 CFR § 1.28(c)(2)

Large Entity Issue Fee:	\$1400
Small Entity Issue Fee paid on July 25, 2005:	\$700
Deficiency Fee Due	\$700

The Applicant notes that the Issue Fee is due on August 8, 2005, which is the same day that this paper is being filed by Certificate of Mailing. Therefore, the Applicant considers this deficiency payment to be timely and respectfully requests the Patent Office to accept this deficiency payment presented herewith as timely and process the allowed application for issue.

Respectfully submitted,

REQUEST FOR RECONSIDERATION OF
PATENT TERM ADJUSTMENT
PURSUANT TO 37 C.F.R. § 1.705(b)

Mail Stop Patent Ext
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

A notice of allowance was issued for the present application on **May 6, 2005**, indicating that the issue fee is due on **August 8, 2005**. The issue fee is being submitted for the present application in conjunction with this request for reconsideration of the patent term adjustment. The Patent Application Information Retrieval (PAIR) system and the notice of allowance both indicate a patent term adjustment that was calculated by the U.S. Patent office pursuant to 37

C.F.R. 1.701 of **413 days**. A copy of Notice of Allowance for the present application is included herewith as Exhibit A.

Applicant's Attorney believes that the patent term adjustment should be **549 days**. For the reasons stated herein, reconsideration of the patent term adjustment is respectfully requested pursuant to 37 C.F.R. 1.705(b). Please charge the petition fee pursuant to 37 C.F.R. § 1.18(e) to Deposit Account No. 23-1925. Please charge any additional fee required or credit for any excess fee paid to Deposit Account No. 23-1925. A duplicate copy of this Petition is attached.

The patent term adjustment for the present application was calculated by the U.S. Patent and Trademark Office based on activities and associated dates detailed in the Patent Application Information Retrieval (PAIR) system Patent Term Adjustment History, attached as Exhibit B. Applicant's Attorney believe that errors and/or omissions in the calculation and/or the PAIR system Patent Term Adjustment History may have resulted in an incorrect patent term adjustment for the present application as described in detail below. The present application is not subject to a terminal disclaimer.

Period of adjustment pursuant to 37 C.F.R. § 1.703

Period of adjustment pursuant to 37 C.F.R. § 1.703(a)(1)

Applicant agrees with the USPTO that the period of adjustment due to delay in the first Office Action, mailed on July 18, 2004, is **509 days**, as indicated in Exhibit B.

Period of adjustment pursuant to 37 C.F.R. § 1.703(b)

The period of adjustment pursuant to 37 C.F.R. § 1.703(b) is the number of days in the period beginning on the day ("the 3 year date") after the date that is three years after the date on

which the application was filed pursuant to 35 U.S.C. § 111(a) or fulfilled the requirements pursuant to 35 U.S.C. § 371. The USPTO calculation omits any adjustment due to this delay.

The present application was filed on **December 21, 2001**, as evidenced by the filing receipt attached as Exhibit C. The three-year date specified in 37 C.F.R. § 1.703(b) is **December 21, 2004**. On the date of mailing of the notice of allowance, May 6, 2005, the present application is believed to have already exceeded the three-year date by **136 days**. Applicant's Attorney expects that additional non-overlapping delay can reasonably be expected prior to a patent issuing for the present application. Applicant's Attorney therefore requests re-computation of the period of adjustment pursuant to 37 C.F.R. § 1.703 upon identification of the date of issue of the patent of the present application to reflect this delay. With this request, Applicant's Attorney further reserves the right to request reconsideration of the patent term adjustment pursuant to 37 C.F.R. § 1.705(d) if the term of the issued patent is believed to be extended or adjusted incorrectly.

Reduction in Period of Adjustment pursuant to 37 C.F.R. § 1.704

Period of adjustment pursuant to 37 C.F.R. § 1.704(b)

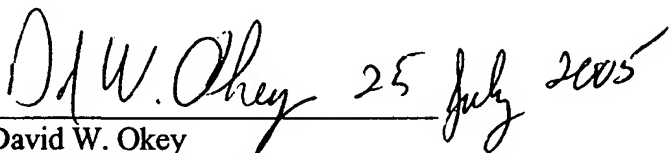

Pursuant to 37 C.F.R. § 1.704(b), the period of adjustment shall be reduced by the number of days, if any, beginning on the day after the date (the three-month date) that is three months after the date of mailing or transmission of an Office communication notifying the applicant of a rejection, objection, etc., and ending on the date a corresponding reply was filed. Applicant agrees with the USPTO that the Applicant's delay in filing a reply on January 18, 2005, amounts to an Applicant delay of **96 days**, as indicated in Exhibit B.

Total patent term adjustment

For the present application, the total patent term adjustment pursuant to 37 C.F.R. § 1.703(f) is the period of adjustment pursuant to 37 C.F.R. § 1.703 reduced by any delays pursuant to 37 C.F.R. § 1.704. Thus, according to our calculations, we believe that the patent term adjustment should be (509+136) days [USPTO delay] - (96) days [Applicant delay] = 549 days, instead of 413 days indicated on the Notice of Allowance attached as Exhibit A. The two periods of USPTO delay noted here are not overlapping with each other, in conformance with 37 C.F.R. § 1.703(f).

It is respectfully asserted that the patent term adjustment determined by the U.S. Patent and Trademark Office for the present application may not be correct. Accordingly, Applicant's Attorney respectfully requests the U.S. Patent and Trademark office to reconsider, and make revisions to the PAIR system Patent Term Adjustment History in view of the previous remarks. In addition, it is respectfully requested that the patent term adjustment be re-calculated by the U.S. Patent and Trademark Office in view of the above remarks. Office personnel are invited to contact the undersigned attorney for the Applicant's Attorney via telephone if such communication would be beneficial in fulfilling this request.

Respectfully submitted,

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
